Manager's comments:

I would like to thank all the TARDIS investigators for their hard work and support over the last few months. We appreciate with closing recruitment early we have had to monitor all active sites within a short time frame. Thank you for accommodating Marg, Mike and Jamie and for answering data queries so swiftly.

We hope that you will be able to attend the investigator meeting in Liverpool in November and look forward to seeing you then.

Di Havard

What to Send Now:

If you have not already done so, please could you send the following data to us A.S.A.P.:

- Radiology images (upload or CD)
- Responses to Data Queries/Requests
- Trial freezer sample logs (for those uncollected)
- Patient paperwork
- Receipts for patient travel (to be received no later than 31st August 2016)

Trial Diary: Investigator Meeting at UKSF

There will be an Investigator Meeting during the UK Stroke Forum (Liverpool), on **28th November 2016** at **14:30 in the Hilton City Centre, 3 Thomas Steers Way, Liverpool**. The results will be presented by Professor Philip Bath at the UKSF on 30th November 2016. Please keep an eye on your emails for further information.

TARDIS 'on tour' success

Trial statistician Lisa Woodhouse (far right) won the Division of Clinical Neuroscience (University of Nottingham) Research Day prize for her TARDIS poster "Risk of bleeding and recurrence by time to recruitment: data from the TARDIS trial": congratulations Lisa!

Useful information: site closedown

Please can you start preparing your site file for closedown:

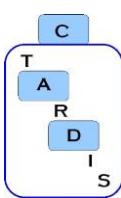

- You can find superseded documents from earlier in the trial at <http://www.tardistrial.org/superseded>
- You can find superseded eCRFs on the main TARDIS database: you will need to log in to the database
- Please contact your site coordinator for any other documents you are unable to find on the documents page of the website

Progression of trial closedown

We're achieving some key milestones in the closedown of TARDIS.

- Day 90 follow-ups have now all been completed
- The final monitoring visits are taking place now. There are only 2 sites left to book
- An investigator's meeting has been organised
- Data queries are progressing: **please respond to your coordinator's emails promptly.**

Thankyou again for all the hard work you have put in helping us to resolve data queries!
